STATE OF MISSOURI,

COUNTY OF LAFAYETTE—ss.

I hereby certify that the above is a true copy of the docket of the May Term, 1922, of the Probate Court of Lafayette County, Missouri, as set by the Clerk of said Probate Court, on the 3rd day of April, 1922.

ELIZABETH N. WILSON,

Clerk of Probate Court for Lafayette County, Missouri.

(SEAL).

For The Children.

Too much care cannot be ex-

ercised in selecting a cough med-

icine for children. It should be

pleasant to take, contain no

harmful drug and most effectual

in curing their coughs and colds.

Long experience has shown that

Chamberlain's Cough Remedy

meets these conditions. It is a

favorite with many mothers.

## WASHINGTON NEWS

## LETTER

## Items of Interest to Missourians From The National Capitol.

(By The Capitol News Service.)

The high cost of government

in Missouri is revealed by a

statement just issued by the

Bureau of Census which shows

that the increase was nearly 100

per cent during the six-year pe-

riod from 1914 to 1920. One of

the interesting features of the

report was that the increase in

property and special taxes from

1914 to 1917 was 54.6 whereas

from 1917 to 1920 the increase

was 185.9 per cent.

Total expenditures for the

state government in Missouri

for the fiscal year ending Dec.

31, 1920, are given as \$20,392,-

989 whereas for the correspond-

ing period in 1914 they were but

\$10,204,123. The per capita

costs which were but \$3.04 in

1914 were \$3.85 in 1917 and in

1920 they were \$5.98. Of this

\$5.98 there was \$5.69 devoted

to the general expenses of the

state government; nine cents for

interest on the state debt and

twenty cents for outlays.

Incidentally the state treasury

had a substantial balance in

1920 for while the expenses

were \$20,392,989 total revenue

receipts amounted to \$27,353,-

805, which was \$8.02 per capita,

or an excess of receipts over

expenditures of \$2.04 per capita.

The effect of prohibition on

state revenue is reflected in the

proportionate amount derived

from licenses during the years

compared. In 1914 the state ob-

tained 35.6 per cent of its rev-

enue from business and non-

business licenses, the latter in-

cluding automobile taxes

whereas in 1920 the proportion-

ate amount derived from this

source was but 14.8 per cent.

The per capita net indebtedness

for Missouri is decreasing, hav-

ing been \$2.19 for 1914 and but

\$1.73 in 1920.

—o—

The establishment of a post

office at Winnwood, Clay county,

has been recommended by Rep.

H. F. Lawrence.

—o—

The allotment of an additional

federal judge for the Western

district of Missouri is being

made the object of a determin-

ed fight in the senate this week.

The judgeship bill, as it passed

the House, provided for two

new judges for Missouri but the

senate committee eliminated the

one for the Western district and

allowing but one for the East-

ern district. Senator Spencer's

friends deny he was a party to

this decision and point to the

fact that he is joining hands

with Senator Reed in an effort

to restore the judge for the

Western district.

—o—

Missouri played a leading role

in the defeat of the Republican

House leaders last week when

the appropriation for rivers and

harbors was increased from

\$27,633,260 to \$42,815,561. The

entire delegation, irrespective of

party lines, voted for the in-

crease despite the opposition of

Floor Leader Mondell and Rep.

Madden, chairman of the appro-

priations committee. The fight

was organized by Rep. C. A.

Newton and the river advocates

are now counting on Senator

Reed to prevent any reduction

when the bill reaches that body.

—o—

An early decision on the loca-

tion of the neuro-psychiatric

hospital to care for shell shock

victims in the states of Missou-

ri, Kansas, Iowa and Nebraska

is expected. Provision for this

is made in the Langley bill which

passed the House and is now

before the Senate. Missouri

towns under consideration as

possible locations are St. Joseph,

Excelsior Springs, Kansas City,

and Springfield. The only other

competitor known is Leaven-

worth, Kansas, the suggestion

being that the hospital should be located at the Old Soldiers' Home there.

—o—  
An allotment of \$66,000 was made by the War Finance Corporation last week for redis-counting Federal Reserve loans to farmers and stockmen in Mis-souri.

—o—  
Missouri with total farm prop-erty valued in excess of \$3,500,-000,000 was sixth in rank a-mong the states of the Union, according to a report just is-sued by the Department of Commerce. This report further shows that the value of all farm crops in Missouri for 1919 was \$559,048,000, indicating a return of about 14 per cent on the investment and ranking the state seventh. In live stock Mis-souri, credited with \$105,601,-000, was in ninth place.

—o—  
Lieut. Gov. Hiram Lloyd of Missouri, was a Washington visitor last week. He was a vis-itor at the White House and the guest of several luncheons given in his honor by members of the delegation.

—o—  
Orders have been issued to discontinue the post office at Cawood, Andrew county, and mail for that section hereafter will be routed through Guilford.

## DOES YOUR BACK ACHE?

It's usually a sign of sick kid-neys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Lexington tes-timony.

Mrs. George Williams, 1801 Bloom St., says: "My back ached and pained dreadfully some five years ago. I used Doan's Kidney Pills and they certainly gave me fine relief. I was trou-ble with awful lameness and soreness in the small of my back at times. When I stooped over it was almost impossible to straighten because of the severe pains. Often little specks would come before my eyes, blurring my sight. My kidneys acted ir-regularly, causing me a lot of trouble. I became very nervous and weak and suffered most of the time. As another member of the family had used Doan's Kidney Pills with good success I got a few boxes and they entire-ly cured me of the trouble."

A sewing circle has sewed up many a reputation.

The Republican party, too, seems to have its problem of the unemployed.

"The grass is getting pretty long" has taken the place of "the furnace needs fixing."

## Dollars and Cents.

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treat-ment. That time can be much shortened by taking Chamber-lain's Cough Remedy and prop-er care of yourself, in fact, a bottle of this remedy in the house is a mighty good invest-ment during the winter and spring months.

Adv.  
Indications at Washington are that the spoils system was the first to get back to normalcy.

To be properly equipped this year, manufacturers say, a man must have three straw hats, for business, sports and evening dress. Still, most of us try to worry along with two—last year's until the summer bar-gain sales, then a new one for the remainder of the season.
